

Clarification on Media Coverage

Jakarta, 13 October 2025 — In response to the news published by CNBC Indonesia titled "Emiten Prajogo (CUAN) Caplok GDI, Garap Proyek Jumbo Bareng Danantara", roughly translated to "Prajogo's company (CUAN) Acquires GDI, Working on a Jumbo Project with Danantara", we would like to provide the following clarification:

PT Guna Dharma Integra (GDI), which was recently acquired by PT Petrindo Jaya Kreasi Tbk. (CUAN), is an independent company holding a power plant operating license and is projected to become an electricity supplier for industries located within the Feni Haltim industrial area.

Apart from activities related to power supply, GDI currently has no relationship and is not engaged in any discussions regarding any form of investment, either directly or indirectly, with any entities within the Feni Haltim industrial area.

We issue this clarification so that the investor community and the general public can carefully assess and verify any circulating news reports.

Sincerely,
Corporate Communication Petrindo
